

This entire module is in English. The currency is Pesos, not US Dollars.

Status should be "Read" or "Seen". The others are fine: "Pending" and "Received". Everything should be in Spanish, nothing in English.

The screenshot shows the Carento dashboard with a sidebar on the left containing navigation links: Escritorio, Inventario (Autos, Marcas, Tipos, Combustibles, Comodidades, Ubicaciones), Consultas, and Contenido. The main area displays a table of recent buyer inquiries:

Name, Brand, Year, Condition, Status, Price. Everything must be in Spanish. For the Price, just remove "US\$".

The screenshot shows the 'Crear Auto' (Create Car) form in the Carento system. The form is divided into several sections: 'Información Básica', 'Especificaciones', 'Images', and 'Pricing & Inclusions'. The 'Información Básica' section is active and contains the following fields: 'Nombre*' (Name), 'Slug*', 'Año' (Year), 'Modelo' (Model), 'Condition*' (Condition), 'Estado*' (Status), 'Marca*' (Brand), and 'Tipo de Vehículo*' (Vehicle Type). The 'Condition' dropdown is set to 'Usado' (Used) and the 'Status' dropdown is set to 'Disponible' (Available). The 'Brand' dropdown is currently showing 'Seleccione una opción' (Select an option). A red box highlights the 'Marca*' field. At the bottom right, there is a message: 'Activar Windows. Ve a Configuración para activar Windows.' (Activate Windows. Go to Settings to activate Windows.). The left sidebar shows the 'Inventario' (Inventory) section with 'Autos' (Cars) selected.

Please make this in Spanish as well.

You can remove "USD".

Can the Careto logo be changed?
